

BUG-003 — The Fee/Balance report cannot be downloaded

The page offers no Excel or PDF export, so the US012 story cannot be carried out.

Module	Finance — Fee/Balance Detail
Affected tests	US012
Environment	test.mersys.io · Chrome 154 · Windows 11
Account	student10 (STUDENT role)
Reported	2026-09-29
Status	Open

Steps to reproduce

1. Log in as `student10`.
2. Hamburger menu → Finance → My Finance.
3. Click the student row to open the fee detail.
4. Open the **Fee/Balance Detail** tab.

Expected result

The Fee/Balance report can be downloaded as Excel or PDF, as the US012 story describes.

Actual result

- **There is no download control on the page.** No Excel button, no PDF button, and no download, export or print icon.
- The words "**Excel**" and "**PDF**" do not appear anywhere on the page.
- The only buttons in the fees table are per-row "**View**" buttons, which open a single installment rather than exporting the report.
- The student therefore has no way to save or print the Fee/Balance report.
