

BUG-002 — Grading page is missing the buttons US016 expects

Two of the story's acceptance steps cannot be verified: the elements are not on the page.

Module	Grading
Affected tests	US016
Environment	test.mersys.io · Chrome 154 · Windows 11
Account	student10 (STUDENT role)
Reported	2026-09-29
Status	Open

Steps to reproduce

1. Log in as `student10`.
2. Click **Grading** in the top menu.
3. Look at the tabs on the page.
4. Open the **Reports** tab.

Expected result

The page shows what the US016 story asks for:

- A **"Course Grade"** button that is visible and clickable.
- The course grades listed.
- A **"Student Transcript"** button that is visible and clickable.

Actual result

- **No "Course Grade" button.** The tab is labelled **"Class Grade"**; no element anywhere on the page carries the text "Course Grade".
- **The grades do list correctly** — 6 class rows with grades. This step is fine.
- **No "Student Transcript" button.** Under Reports, "Student Transcripts" is a plain heading, not a button or link, and nothing there can be clicked.
- Both report sections are empty: **Report Cards** and **Student Transcripts** each show "There is no data to show you right now!"
